

## **St. Bernard Parish – Photo Policy**

By enrolling in religious education and/or your minor's participation in parish youth ministry events, you are allowing St. Bernard parish, its staff and volunteers, to capture photographs, videos and audio of your child/ren to be used for promotional materials, photo albums, bulletin boards, the St. Bernard and affiliated parishes/organizations websites and various social media platforms including, but not limited to, Facebook and Instagram.

On printed medium and our website, students may be identified by first name and last initial.

On social media, no student in or below eighth grade will be “tagged” or identified by parish staff. Staff may tag High School students who have Facebook and Instagram accounts and have opted to be friends with or follow staff/parish accounts. Staff will remove any tag that an individual or their parents request but *will not automatically remove a tag if a third party tags an individual after the initial posting.*

At the request and discretion of parents, parish staff will remove any photo from public or online display within a reasonable amount of time.

Please send Ellen Krenke, Communications Coordinator, an email at [ellen@stbmidd.org](mailto:ellen@stbmidd.org) to opt-out of this photo policy for the school year of 2017-2018.
